

Prime For Life *Drug and Alcohol Education*

Paiute Indian Tribe of Utah

ABOUT OUR PROGRAM:

The Paiute Indian Tribe of Utah's Prime For Life program is a **16 hour DUI/alcohol education course** taught by certified instructors. This course is available **for court-ordered and voluntary participants** and is designed to challenge common beliefs and attitudes that directly contribute to high-risk alcohol and drug use.

Our primary goal is to decrease the number of people who struggle with addiction.

Prime For Life's intervention component focuses on self-assessment to help participants understand and accept the need for change. Instructors use a variety of delivery methods to enhance the learning experience, including interactive presentations, workbooks, video media and group and individual activities.

Program participants work along with Paiute Indian Tribe of Utah counselors, probation officers and law enforcement to ensure that all court requirements are met. *To date, every participant who has registered for the Paiute Indian Tribe of Utah's Prime For Life course has successfully completed the program, an accomplishment that is critical to the client's future sobriety and success.*

The Paiute Indian Tribe of Utah's Prime For Life drug and alcohol education course is presented in the Native American context and designed for both youth and adults (16 years old+). However, **our services are open to all people and we encourage both Native and non-Native people to participate.**
