

Start with the "READ THIS FIRST" file and follow these guidelines. Using the attached files, review and study the questions from the question pool. The study process is simple and will be associating the questions to the correct answers. Review all the questions at least 3 times over a short study time frame and you should be ready to take the exam. The exam is 35 questions and the exam fee is \$15, paid when you take the exam.

The exam is administered by the local Ham Radio clubs in Washington and Iron Counties.

Here are the Ham Club websites and Testing Info

Dixie Amateur Radio Club (DARC)
